PROFESSIONAL SUMMARY

Motivated and detail-oriented BCA graduate with hands-on training in Java Full Stack Development. Skilled in building responsive web applications using Java, Spring Boot, Spring Data JPA, Hibernate ORM, HTML5, CSS3, JavaScript, and MySQL. Proficient in MVC architecture, RESTful API development, and OOP principles. Eager to contribute to a dynamic development team and grow as a professional Software Developer.

TECHNICAL SKILLS

Programming Languages: Java, JavaScript, SQL, HTML5, CSS3

Frameworks & Libraries: Spring Boot, Hibernate ORM, Spring Data JPA, Thymeleaf

Web Technologies: RESTful APIs, MVC Architecture

Databases: MySQL

Developer Tools: Git, GitHub, Apache Maven, Apache Tomcat, Eclipse IDE, VS Code

Concepts: Object-Oriented Programming (OOP), Java Collections Framework, MVC Architecture

TRAINING

JavaFullStack Development Training | Qspiders Institute of Technology, Vadapalani

2024 – 2025

- Completed an intensive 8-month full stack program covering Core Java, Advanced Java, Spring Boot, Hibernate ORM, REST APIs, and Frontend Technologies.
- Built multiple mini-projects during the program to strengthen real-world problem-solving and application development skills.

PROJECTS

Student Management System | Spring Boot | Thymeleaf | MySQL

- Developed a full-stack web-based Student Management System using **Spring Boot** (backend), **Thymeleaf** (frontend), and **MySQL** (database).
- Implemented CRUD operations including student registration, record updates, deletion, and listing of all students.
- Integrated **MySQL** database for persistent data storage and efficient data management.
- Designed a clean, user-friendly interface using **Thymeleaf** templates for seamless navigation and form handling.
- Applied **MVC architecture** and **Spring Data JPA** for clean separation of concerns and streamlined database interactions.

Airline Ticket Reservation System | HTML | CSS | JavaScript | MySQL | PHP | College Project

- Developed a web-based airline ticket reservation system as a college project using **HTML**, **CSS**, **JavaScript** (frontend) and **PHP** with **MySQL** (backend) for managing flight bookings.
- Implemented key features including flight search, seat selection, and booking confirmation with persistent data storage using **MySQL** database.

CERTIFICATIONS

- JavaFullStackDevelopment Certificate** – Qspiders Institute of Technology, Vadapalani (2025)

CORE STRENGTHS

- Strong understanding of Object-Oriented Programming (OOP) and core Java concepts.
- Quick learner with a self-motivated and proactive approach to new technologies.
- Effective problem-solving and debugging skills developed through hands-on project work.
- Collaborative team player with clear and professional communication skills.

EDUCATION

Bachelor of Computer Applications (BCA) | Sri Paramakalyani College, Alwarkurichi

2021 – 2024

CGPA: 7.8
